

Inhwan Choi

FullStack Engineer

201-988-8726 | choiinhwano@gmail.com | New Jersey, NJ | [LinkedIn](#) | [GitHub](#)

OBJECTIVE OVERVIEW

Fullstack Developer, college graduate seeking Fullstack Frontend developer position. Specialized in JavaScript, HTML5, CSS, React.js and Node.js, proficient in PostgreSQL, GIT, jQuery, Bootstrap, Express.js, Ajax, and JSON.

TECHNICAL PROJECTS AND EXPERIENCE

SNRKS | Fullstack Developer | 6/23 | [Link to the project](#)

- Engineered Fullstack application with e-commerce features for a mock shoe store. Features included user registration, log-in portal, a shopping cart to add items, listings to browse products; as well as an authorized view.
- Utilized communication and leadership roles to maintain a professional environment

Fitness Tracker | Fullstack Developer | 5/23 | [Link to the project](#)

- Engineered Fullstack fitness application, where users can login, register, see routines page, and see activities page. Focused on backend technologies, such as Postico, Postgres, SQL, and thunder client.
- Created 23 different adapter functions in the database. Resolved issues with merge conflicts. Also worked on frontend with React and making components with corresponding API functions.

Stranger Things | Fullstack Developer | 4/23 | [Link to the project](#)

- Engineered Forum application, where users can interact with others users on the application through posts and forums. Built using Frontend technologies; such as React, BrowserRouter, and AuthProvider.
- Maintained a prompt schedule with group members to meet short deadlines

ADDITIONAL WORK EXPERIENCE

Medical Scribe | AM/PM Urgent Care | Cliffside Park, NJ

Jan 2023 - Current

- Accurately transcribing comprehensive clinical information; History of Present Illness, examinations, laboratory tests, and assessment/plans
- Liaison between healthcare providers, patients, and other staff members, facilitating clear and concise communication of information.

Emergency Room Technician | Carepoint Health | Hoboken, NJ

Aug 2022 - Jan 2023

- Adeptly delivered comprehensive healthcare support in a fast-paced and dynamic emergency room setting
- Performed clinical tasks which demanded understanding of procedures and professional communication skills, such as patient assessment and collaboration with interdisciplinary teams

Emergency Medical Technician | SeniorCare EMS | Bronx, NY

Mar 2022 - Jul 2022
